INCIDENT OBJECTIVES (ICS 202)

1. Incident Name: OSIA Air & Space Show	2. Operational Period: Date From: 10-16-21 Time From: 0730	Date To: 10-17-21 Time To: 1730
<u>Fire/EMS Objectives(s):</u> <ul style="list-style-type: none"> Provide Aircraft Rescue and Firefighting response to incidents on airfield. Provide EMS services during the event as needed. Provide MCI operations during the event as needed. Provide WMD monitoring and surveillance during event. Observe for and report potential or existing hazards to Incident Command. 		
<u>Law Enforcement Objectives(s) SAPD/SCSO/SPD:</u> <ul style="list-style-type: none"> Provide dedicated security for military aircraft while at SFB. Provide a visible Law Enforcement presence within the event site and respond to situations to assist as necessary. Aid with VIP escorts to/from the event and traffic control at key locations to ensure smooth traffic flow. The Sanford Airport Fire Department (SAFD), Sanford Fire Department (SFD) and Seminole County Fire Department (SCFD) will provide immediate fire and medical response to any emergencies that may arise. In addition, SFD will provide personnel to support Aid Stations and transports, as necessary. SAA Operations will provide perimeter security for the event, airfield access and support throughout the operation. Sanford Police Officers will be responsible for traffic ingress and egress both days. Officers will be posted at pre-determined locations that have been identified by Solutions Event Services traffic study. The Seminole County Sheriff's Office, along with the Sanford Airport Police Department, will provide a police presence, dignitary protection and a Quick Reaction Force team (if needed) within the event area 		
4. Operational Period Command Emphasis: <u>Fire/EMS Command Emphasis:</u> <ul style="list-style-type: none"> Efficient and effective Aircraft Rescue and Firefighting operations on airfield. Efficient and effective BLS/ALS/MCI EMS services during the event. <u>Law Enforcement Command Emphasis:</u> <ul style="list-style-type: none"> Ensure traffic flow is smooth and uninterrupted following traffic pattern established by Solutions Event Services. 		
5. General Situational Awareness <ul style="list-style-type: none"> ICP will be located at Seminole County Sheriff Special Ops Hanger. Law Enforcement Officers on event will utilize channel D11D In the event mutual aid units are dispatched all incoming resources shall be directed to vehicle gate 87E. Alternate FD/EMS ingress/egress is Cameron Ave to Cameron Ave Airport gate if Gate 87 becomes unusable. Medical care shall be in accordance with Seminole County Protocols as directed by Medical Director On both days, the spectator gates open at 0800 hours. Spectators are encouraged to roam freely throughout a number of static display aircraft and spacecraft. Airshow "wheels up" will be at 1200 hours each day. The airshow will last until 1600 hours. It is projected by Solutions Event Services traffic study that egress traffic should resume normal function approximately 1.5 hours after end of show. Uniform of the day shall be class B or Class B modified. Briefings: A law enforcement briefing will be held at the SFB Vehicle Inspection Station, located at 751 Red Cleveland Blvd, Sanford, Florida 32773 at 0800 hours each day. In addition, personnel assigned to the Command Post and Sounds Stage will need to attend the 0900 hours event briefing at the Boombah Sports Complex, located at 3450 E. Lake Mary Blvd, Sanford, FL 32773. A briefing for all units assigned to traffic control will held at the Sanford PD Training Room at 0730 hours. Uniform: SAPD officers should be in their Class C uniform. Body armor should be worn under the uniform shirt or in an agency approved outer carrier. In addition, all assigned tactical gear (Ballistic helmets, entry vests, shields, etc.), long guns (shotguns and/or rifles) and other essential equipment should be readily available for deployment in your assigned patrol vehicle. All assisting agency personnel should be in agency approved uniforms or plain clothes appropriate for their assigned duties Cameron Rd will be closed from the Race Trac to the soccer field as to maintain an emergency ingress/egress for additional apparatus to the East side of the event and to keep spectators from parking at the end of the runway.

INCIDENT SAFETY MESSAGE

1. Incident Name:
OSIA Air & Space Show

2. Operational Period: Date From: 10-16-21
Time From: 0730

Date To: 10-17-21
Time To: 1730

3. Safety Message/Expanded Safety Message, Safety Plan, Site Safety Plan:

Lost/Missing Child(ren):

Due to the size and nature of this event and the number of patrons/families in attendance, children may become separated from their parents/guardians. The event staff stationed at the entrances will offer wristbands to families with children. The cell phone number and first name of the parent/guardian accompanying the child will be written on the wristband with permanent marker and then placed on the child's arm. If a child becomes separated from his/her family, the information on the wristband can help with contacting the parent/guardian. When notified of a lost/missing child, event officers will gather as much information as possible to be provided to the Command Post, via radio, for coordination of available resources and PA announcements via the Sound Stage. The officer receiving the initial information should remain in contact with the reporting person until confirmation that the lost/missing child has been reunited with their parent/guardian.

Enforcement Philosophy & Use of Force:

The event promoter will have 24 private security officers posted throughout the event site to address any issues or concerns regarding the attendees. Should a security officer require assistance, they will request a law enforcement officer to respond to their location. Discretion in enforcement is paramount during this event and every effort should be made to resolve the matter peacefully and without taking enforcement action if possible. In the unlikely event that an arrest must be made within the event site, an on-duty SAPD officer will respond to take custody of the subject(s) and obtain necessary statements/information from the involved officers.

In any event, each Law Enforcement Officer shall adhere to their respective department policies for Response to Resistance or Use of Force.

1. Incident Name: OSIA Air & Space Show	2. Operational Period: Date From: 10-16-21 Date To: 10-17-21 Time From: 0730 Time To: 1730							
<p>Medical Treatment Protocol:</p> <p><u>BLS and ALS Intervention Guidelines</u></p> <ul style="list-style-type: none"> Minor cuts, scrapes, scratches, etc. should be treated as needed. Emphasize wound care and ensure tetanus protection before releasing. (Tetanus booster every 5-7years). Patients requiring extended care will be taken to either a treatment area within Million Air Hanger or treated by transport unit depending on the location of the patient. Additional medical supplies may be obtained through each division supervisor. If additional stock is needed, group supervisors will make a request through command. At the discretion of the Paramedic, patients exhibiting moderate signs and symptoms of dehydration may be treated with intravenous fluid intervention and released. This "treat and release IV" shall be a last resort only after all other methods of correction have been attempted. Patients shall be observed after receiving the fluid therapy. Those patients that return to normalcy can be released after signing the refusal form. Those patients that continue to exhibit abnormal vital signs, are incoherent, not acting normal, etc. shall be transported to a medical facility for further evaluation and treatment. It is preferred, for this event, patients will be transported to the closest facility to expedite available status, unless a trauma center is warranted. However, every consideration will be made to accommodate a patient's reasonable destination request. Transport units will return to their staging assignment ASAP and notify command upon their return. <p><u>Patient Tracking/Report Information</u></p> <p>One Incident Report (IR) number will be assigned to the Event. Within this one IR, patients should be classified in four (4) categories:</p> <p>Service Call: For example- Distributed a Band-Aid or "courtesy cart" people. No treatment given. (No report note numbers for statistics).</p> <p>Treated with no vitals taken: For example- Cleaned and bandaged a minor wound. (Yellow/Blue refusal form with signature) Form will be scanned later.</p> <p>Treated and released: For example- Including any patient that required vital signs or "Tent People". (Computer form and abbreviated EMS Form, including EKG's).</p> <p>Treatment and transport: For example- Including relinquishing care to private transport. (Computer form and abbreviated EMS Form, including EKG's). Event IR number shall be used with a patient number (1, 2, 3...10, 11, 12, etc.) assigned by Command. Consecutive patient numbers shall come from Command for tracking purposes. **Level 3 or 4 Patients require a Patient Number prior to leaving the scene.</p> <p>Documentation of unit (i.e., foot team, rescue# or UTV, etc.) will need to be on all records transported or non-transport.</p> <p>All EMS reports should be completed by the end of the event, but no later than the end of the shift.</p>

6. Work Assignments: Briefing will be at 0730 hours at Sanford Police Training Room. Designated officers will be assigned to Red Cleveland Blvd & Airport Blvd. The officers shall ensure that traffic flow does not slow. A member of parking staff should be present and will assist. Vehicles arriving for a departing Allegiant flight should enter from eastbound Airport Blvd. Provide them the opportunity to turn left onto Red Cleveland Blvd without delay. Airshow attendees will be directed across Red Cleveland Blvd onto Control Tower Lane. Officers will also accept overflow northbound Red Cleveland Blvd traffic from Traffic Post 7 if need be. Those vehicles will also need to turn right onto Control Tower Lane. **At approximately 1545 hours, southbound Red Cleveland Blvd shall be open for exiting traffic. Remove cones and barricades** See map for Traffic Post 8 and Traffic Post 7														
7. Special Instructions: <ul style="list-style-type: none"> Officers shall report anything or anyone suspicious to the command post. Officers shall remain focused on their assigned task at all times.

6. Work Assignments: Briefing will be at 0730 hours at Sanford Police Training Room. Designated officers will be assigned to Lake Mary Blvd & Skyway Drive. The primary focus of this post will be traffic egress. The officers shall position cones in the eastbound/northbound lanes of Lake Mary Blvd. The cones shall taper from the left turn lane over to the center dotted line. This will force east/northbound traffic to the far right lane, blocking the left turn lane and creating a lane to flow traffic from Skyway Drive left onto Lake Mary Blvd in the left lane. Officer will need to stop west/southbound Lake Mary Blvd traffic for extended periods to flush airshow traffic out. Officers shall ensure cones are set up prior to 1530 hours. Between the hours of 1200 and 1530 hours, officer shall patrol all of Airport Owned properties outside of the gates. Please see map listed as "Airport Property Patrols" See map for Traffic Post 11															
7. Special Instructions: <ul style="list-style-type: none"> Officers shall report anything or anyone suspicious to the command post. Officers shall remain focused on their assigned task at all times.

Post 13	Ofc. M. Hernandez	1	407.271.0965	Morse Station & Cameron Ave											
6. Work Assignments: Briefing will be at 0730 hours at Sanford Police Training Room. Designated officer will be assigned to Cameron Ave & Morse Station Road. The primary focus of this post will be traffic egress. Peak exiting traffic will flow northbound on Cameron Ave from the airport baseline road. Cones will be set up based on map to direct this traffic right (eastbound) onto Morse Station Road. Traffic that is already eastbound on Morse Station from the airport will be tapered into the opposite lane of travel. This will create 2 lanes of eastbound traffic towards Lake Mary Blvd. Officers on Traffic Post 14 will periodically allow these lanes to flow onto Lake Mary Blvd. Contra-flow traffic should be in place by 1600 hours. Between the hours of 1200 and 1530 hours, officer shall patrol all of Airport Owned properties outside of the gates. Please see map listed as "Airport Property Patrols" See map for Traffic Post 13 & Traffic Post 14.

Post 14	Ofc. S. Lynch	1	321.696.4878	Lake Mary Blvd & Morse Station Road											
6. Work Assignments: Briefing will be at 0730 hours at Sanford Police Training Room. Designated officers will be assigned to Lake Mary Blvd & Morse Station Road. The primary focus of this post will be traffic egress. Traffic exiting the airshow will be contra-flow eastbound on Morse Station Road from Cameron Ave. DO NOT ALLOW TRAFFIC WESTBOUND ON MORSE STATION ROAD. Both eastbound lanes will need to turn north onto Lake Mary Blvd. Officers will periodically shut down both north and south bound lanes of Lake Mary Blvd and allow eastbound traffic to flow. Contra-flow traffic should be in place by 1600 hours. See map for Traffic Post 13 & Traffic Post 14. ***FHP has provided 2 Troopers to assist with traffic issues on SR 46 between SR 415 & Mellonville Ave. However, in the event additional units are needed, Officer I. Ivanov will assist. ***															
7. Special Instructions: <ul style="list-style-type: none"> Officers shall report anything or anyone suspicious to the command post. Officers shall remain focused on their assigned task at all times.

6. Work Assignments: Briefing will be at 0730 hours at Sanford Police Training Room. Designated officers will be assigned to Lake Mary Blvd & SR 46. Officers will monitor traffic at this location and use the traffic control box to alleviate any congestion. During traffic egress, officers should allow priority traffic flow to northbound Lake Mary Blvd. Between the hours of 1200 & 1530 hours, Officers shall patrol areas listed on following pages as Airport Property Patrols. All airport owned properties outside of the fence will be patrolled. No one has been given permission to set up on these properties to view the airshow. Also, no vehicles shall park along SR 46 during the show. This area is banned due to FAA regulations based on the aerobatic flight box. Refer to Sherlock (Sanford Airport Layer) to show exactly which properties between Mellonville Ave and Orange Ave (South of SR 46) are owned by the Airport. ***FHP has provided 2 Troopers to assist with traffic issues on SR 46 between SR 415 & Mellonville Ave. However, in the event additional units are needed, Officer Mar. Anderson will assist. ***

AIRFIELD OPERATIONS GENERAL MESSAGE (ICS 213)

1. Incident Name (Optional): OSIA Air & Space Show SAPD

2. Subject: Airfield Division Area of Operations:

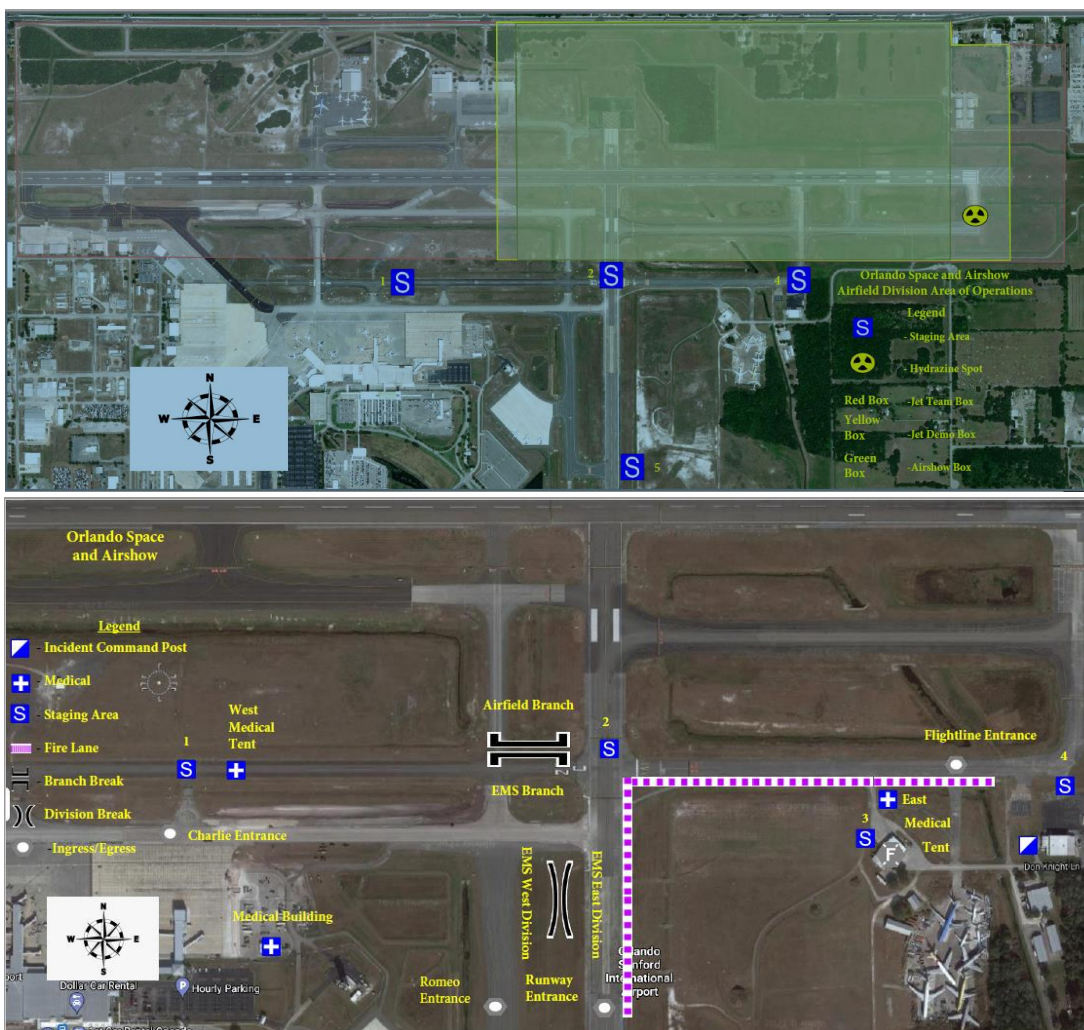

5. Date:
10/16-17/21

6. Time
0730-1730

3. Information:

- Officers working in or around roadways shall follow their respective agency's policy regarding the utilization of traffic vest and safety gear.
- All personnel should ensure they have and utilize proper hearing protection as needed. It is recommended that personnel with communication headsets or earpieces utilize these tools if possible.
- Officers shall remain focused on their assigned task at all times.
- Officers shall remain hydrated throughout the operational period.
- Officers operating vehicles in the AOA shall:
 - use caution to avoid entering the "movement area" without authorization
 - be aware and avoid prop wash/jet blast from aircraft.
- Fire/EMS Support:
 - SFD will have 3 Aid Stations (see below maps for locations ).

AIRCRAFT ACCIDENT PLAN (ICS 213)

1. Incident Name (Optional): OSIA Air & Space Show SAPD

2. Subject: Aircraft Crash (ALERT 3):

5. Date:
10/16-17/21

6. Time
0730-1730

3. Information:

In the unlikely event of an aircraft crash occurring within the "Aerobatic Box" area of the airfield, law enforcement personnel will respond to secure the northern perimeter of the spectator area along Taxiway C - Runway - 9C/27C and allow no unauthorized persons to cross. The SAFD will immediately coordinate an ALERT 3 response to the crash site in accordance with established emergency procedures. Should additional FD/EMS resources be needed from off airport locations, Vehicle Gate 87E will be utilized to provide responding units with ingress to the airfield (AOA) and Vehicle Gate 84E will be utilized for egress. Alternate FD/EMS ingress/egress is Cameron Ave to Cameron Ave Airport gate if Gate 87 becomes unusable.

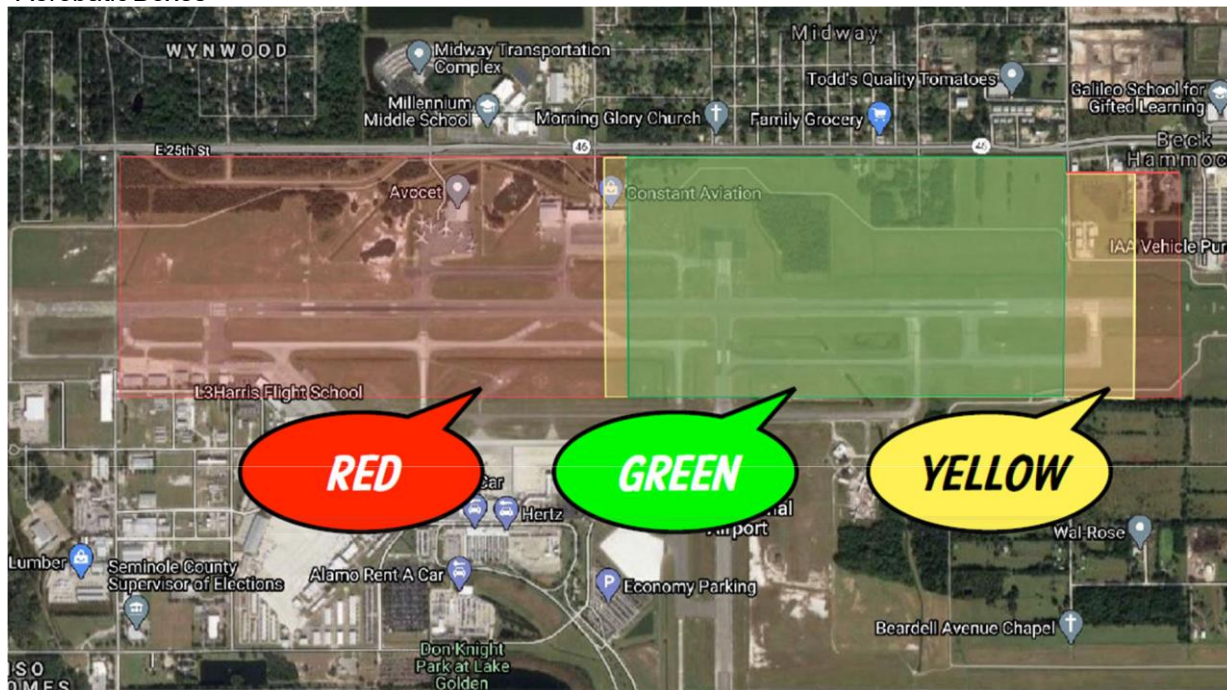

As soon as possible, the Air Boss will provide spectators with clear and concise directions via the event PA system, as necessary. Depending on the severity of the crash, a decision will be made on whether to cancel or continue with the airshow.

In the unlikely event that an aircraft crashes into or within close proximity of the spectator area, law enforcement personnel should make every effort to quickly and calmly evacuate individuals from the affected area while providing responding FD/EMS units with avenues of approach to the crash scene. As soon as practical, spectators should be corralled and escorted to a safe location away from the scene to await further instructions.

Should an aircraft crash outside of the airport's property, it shall be the responsibility of the appropriate off airport agency to respond accordingly.
